Frightful Case Of a Colored Man.

I suffered a fearful case of blood poison in 1880. I was treated by some of the best physicians in Atlanta. They used the old remedies of Mercury and Potash, which did me no good. I was in a most deplorable condition. Every joint in my body was swollen and full of pain. I was in a most deplorable condition. Every joint in my body was swollen and full of pain. Mr. J. C. GARD, of Logan, is in town. J. C. GARD goes up to the capital this evening. Capt. Paul and wife came down from Salt Lake this morning. Passengers Smead and John returned from Scotland to-day.

A number of our citizens will be present at the Welsh reunion in Salt Lake to-morrow. Dr. W. R. Pike is making an arduous well at his new residence. In two days they have reached a depth of about sixty feet. If Mr. Pike is successful in obtaining water, we understand several of our citizens will have similar wells bored.

Our street sprinkler is causing a little stir here just at present. It seems that some of our merchants are objecting to the sprinkler and have brought the matter before the city fathers, who wrestled with it night before last. The result is that the sprinkler appeared yesterday dressed out in a coat of white cloth.

Boom Home Industry. In to-day's HERALD John C. Cutler & Bros., the well-known agents of the Provo Woolen Mills, announce the style and description of goods which they carry. It is always a pleasure to say a good word for home industry, and it is doubly so when we speak of that laudable enterprise, the Provo Manufacturing. Their reputation for making the best of goods is known throughout the Territory, and their manufactures this year will more than maintain the old reputation. Cutler Bros. dealers are not limited to home-made goods; they make a specialty of handling everything made at home, and all who desire to encourage local industry by purchasing local manufactures can be readily accommodated at this agency.

The Minnie Moore. Last Thursday evening a 500-pound lot of Minnie Moore ore on the dump at the mine, was attached, and Captain Watson put in charge as keeper for Phelps & Hayes. Yesterday, Mr. Vennard, foreman of the Minnie Moore, a teamster and another employee went to load the ore to haul it away. Captain Watson refused to permit it. Mr. Vennard attempted to take some. Captain Watson thereupon drew his revolver, and ordered the men away. Superintendent Palmer, who was in Bellevue, being informed of the facts by telephone, caused the arrest of Deputy Sheriff Watson on a charge of drawing and exhibiting a deadly weapon. Captain Watson was allowed to go on his personal recognizance, and this morning was discharged. He thereupon caused the arrest of Mr. Vennard on a charge of resisting an officer. Wood River Times, 14th.
